

"(Don't You Take) Second Best"  
(Song No. 5 from the album "Fundanatural," by the Nick Holmes Band)  
Music and lyrics (c) 2010 Nick Hewyn Holmes

Verse 1:

What is it about love?  
That gives that funny feeling?  
What makes two complete strangers  
Suddenly believe in?  
It just doesn't make sense to me

Chorus:

But should you ever find	Love ever gets to change its mind
Don't you take Second Best	
And should you lose your way	And love ever gets to fight another day
Don't you take Second Best,	Don't you take Second Best.

Verse 2:

And even the most cynical  
Can't avoid the calling  
You'd think they'd run a mile  
But they're the first to fall in  
Thank God they have the sense to see

Chorus:

But should you ever find	Love ever gets to change its mind
Don't you take Second Best	
And should you lose your way	And love ever gets to fight another day
Don't you take Second Best,	Don't you take Second Best.

Verse 3:

So baby, dry your eyes,  
We may as well just face it.  
The only choice we have  
Is to refuse it or embrace it  
The very best is yet to be

Chorus:

But should you ever find	Love ever gets to change its mind
Don't you take Second Best	
And should you lose your way	And love ever gets to fight another day
Don't you take Second Best,	Don't you take Second Best.
