

“White Sand”

(Song No. 1 from the album “Fundanatural,” by the Nick Holmes Band)
Music and English lyric (c) 2010 Nick Hewyn Holmes

Verse 1:

Hey, babe! Let’s get out of here
Stuff the mortgage and the duff career
Let’s go, leave it al behind us
Down on the beach where they can’t find us on that White Sand!

Chorus:

Whoah-oh! Let the water wash over me
Whoah-oh! Where the land meets the deep blue sea
Where? On that White Sand

Verse 2:

See the people with their coffee skin
Not caring about much anything
Beach-combing for their very souls there
Huckleberry-Finning as they go there on that White Sand

Chorus:

Whoah-oh! Let the water wash over me
Whoah-oh! Where the land meets the deep blue sea
Where? On that White Sand!

Refrain:

Do you remember being on that beach
When I said that we would never join that rat race?
So many tides have come and gone since then
And you know I am so in need of that place

Where? On that White Sand!

Verse 2:

Hey, babe! Let’s get out of here
Stuff the mortgage and the duff career
Let’s go, leave it al behind us
Down on the beach where they can’t find us on that White Sand!
