

"You Make Me Smile"

(Song No. 10 from the album "Fundanatural," by the Nick Holmes Band)
Music and lyrics (c) 2010 Nick Hewyn Holmes

Verse 1:

Oh! You make me smile
No ifs, no buts no denials
Hop skipping and a jumping we will walk away from here
Hearts full of glee and thumping we will walk away from here
'Cause I love you
And I know you love me too
Hop skipping and a jumping we will walk away from here
Hearts full of glee and thumping we will walk away from here

Chorus:

We have a cracking chance to create some sense of this life love
You made me see a light that shines in side n all of us
With so much emptiness in this world then why be shy love?
Let's make this light shine on this world. On this world!

Verse 2: solo

Oh! You make me smile
No ifs, no buts no denials
Hop skipping and a jumping we will walk away from here
Hearts full of glee and thumping we will walk away from here

Chorus:

We have a cracking chance to create some sense of this life love
You made me see a light that shines in side n all of us
With so much emptiness in this world then why be shy love?
Let's make this light shine on this world. On this world!
